92 FM
WRCM
THE SPIRIT OF THE COUNTRY

July 2, 1987

Mr. Carl W. Dabelstein
8209 West 78th Street
Overland Park, KS 66204

Dear Mr. Dabelstein;

To the best of our records you did indeed hear WRCM-FM. Considering the distance between us that must have been quite a big skip that night. We are planning in the very near furture of increasing our power to 100kw from only 3kw and changing frequency to 98.7 Mhz. The change should be happening in September. If you happen to receive us then please let me know.

Sincerely,

Jeff Brock
Director of Engineering
